Hall-MillsMemorandum for Mr. Pfeiffer

On Sunday morning September 12th I called on Dr. Cooper of Millstone about a quarter of ten and talked with him for over an hour.

(1) He knew nothing of Mrs. Gibson's endeavoring to be a witness in other murder cases.

(2) He said that shortly after the murders there were at Mrs. Gibson's her father and mother, her brother Bill, William Easton, Sr. and William Easton, Jr. The only ones that Cooper has seen recently are the two Eastons.

(3) Dr. Cooper never saw a pistol in Mrs. Gibson's but thinks she did show him the shot gun which she used at one time to frighten reporters.

(4) Dr. Cooper has been treating Mrs. Gibson off and on for at least six or seven years and treated her a good deal shortly after the murders when she was very nervous. He knew nothing about the alleged four year old child of Mrs. Gibson's saying he had nothing to do with it and, although he had seen her frequently, never suspected that there was to be a child.
